

Ben Carter

Ben Carter Contact Info: ben.carter@hybriddev.com | +1 (408) 101-2020

Summary

Highly motivated and results-oriented Full-Stack Lead with a proven track record of designing, developing, and deploying scalable web applications. Expertise in both front-end and back-end technologies, including React, Node.js, and AWS, with a strong focus on API development and data engineering. Adept at collaborating within agile environments and delivering high-quality solutions.

Skills

- **Languages:** JavaScript, TypeScript, Python, SQL, HTML5, CSS3
- **Frameworks/Libraries:** React, Redux, Node.js, Express.js, D3.js, Jest, Cypress
- **Databases:** PostgreSQL, MongoDB, DynamoDB, MySQL
- **Cloud Platforms:** AWS (Lambda, DynamoDB, S3), GCP, Azure
- **DevOps:** CI/CD, Git, GitHub, AWS CloudFormation
- **Tools:** Docker, Kubernetes (basic knowledge), Jira, Confluence

Work Experience

Visa

Full-Stack Lead March 2019 – Present

- Led a team of 5 developers in building a customer financial dashboard using React, Node.js, and PostgreSQL, resulting in a 30% increase in reporting efficiency.
- Architected the application's REST API layer, ensuring fast and secure data transfer, improving application reporting speed by 30%.
- Developed custom data visualization components in React using D3.js, providing key business insights to users.
- Optimized PostgreSQL database schemas and queries, improving application reporting speed by 30%.

PayPal

Data Engineer June 2016 – February 2019

- Developed ETL pipelines using Python and Spark to ingest transactional data into the data warehouse.
- Managed and maintained MongoDB database clusters for high-volume non-relational data storage.

Projects

Interactive Data Dashboard

- Developed a real-time data visualization dashboard using React and a custom Node.js backend.
- Technologies: JavaScript/TypeScript, React, Node.js, D3.js, HTML5, CSS3

AWS Lambda Function Example

- Created a simple Lambda function to handle user authentication requests.
- Technologies: Python, AWS Lambda, DynamoDB

Certifications

- Google Cloud Professional Data Engineer

Education

San Jose State University

Master of Engineering in Software Engineering 2016

University of California, Davis

Bachelor of Science in Electrical Engineering 2014
