PROFESSIONAL SUMMARY

Frontend-focused Full-Stack Developer with 6 years of experience building scalable, accessible, and high-quality user interfaces. Expert in React, Redux, and modern CSS/HTML. Passionate about performance optimization and delivering exceptional user experiences across various devices.

EDUCATION

Bachelor of Arts in Design & Technology

University of Washington, 2017

CERTIFICATIONS

- Certified Professional in Web Accessibility (CPWA)

WORK EXPERIENCE

Senior Frontend Developer | Expedia | July 2020 - Present

- Led the migration of a legacy booking platform to React and TypeScript, resulting in a 40% reduction in client-side errors.
- Optimized frontend asset loading and caching strategies, improving page load speed by an average of 1.5 seconds across all key user flows.
- Implemented state management using Redux Toolkit across 10+ core modules.
- Collaborated closely with the backend team to define REST API contracts and improve data fetching efficiency.

Full-Stack Developer | Zillow | June 2017 - June 2020

- Developed new features for the property listing site using React, Node.js, and MongoDB.
- Contributed to backend Express.js APIs for user authentication and data persistence.

TECHNICAL SKILLS

Programming Languages: JavaScript (Expert), TypeScript, HTML5, CSS3

Frontend: React, Redux, Web Accessibility (WCAG), Jest, Cypress

Backend: Node.js, Express.js, Python (Basic)

Databases: MongoDB, PostgreSQL

Cloud & Tools: AWS S3, Git, Webpack, Figma

PROJECTS

Travel Planner UI

- Built a mobile-first travel itinerary planner using React and Context API.
- Implemented rigorous unit and end-to-end testing, achieving 98% test coverage.
