

Jessica Kim

Jessica Kim +1 (617) 777-8888 | jessica.kim@cloudinfra.com | Boston, MA

SUMMARY

Highly accomplished and results-oriented Cloud Solutions Architect with 8+ years of experience in designing, implementing, and optimizing cloud infrastructure and data pipelines. Proven expertise in AWS, Spark, Kafka, and Terraform, with a strong focus on data warehousing and real-time analytics. Seeking a challenging role leveraging technical leadership and a passion for building scalable, reliable, and secure cloud solutions.

WORK EXPERIENCE

Fidelity Investments | Cloud Solutions Architect | July 2018 – Present

- Led the design and deployment of a multi-region data platform on AWS utilizing Terraform, resulting in a 90% reduction in infrastructure provisioning time.
- Architected and implemented data pipelines using Spark and Airflow, ensuring data quality and reliability.
- Collaborated with cross-functional teams to onboard new data sources and define schemas.

Akamai Technologies | DevOps Engineer | June 2015 – June 2018

- Automated infrastructure provisioning for CDN services using Ansible and Python scripting, improving deployment efficiency.
- Maintained and optimized CI/CD pipelines for complex systems.

SKILLS

- Programming Languages: Python, Go, Bash
- DevOps & Orchestration: Kubernetes (EKS), Docker, Terraform, Ansible
- Cloud Platforms: AWS (VPC, IAM, EC2, S3), Azure
- CI/CD & Monitoring: Jenkins, Prometheus, Grafana
- Databases: PostgreSQL, MongoDB
- Data Warehousing: Snowflake, Redshift, BigQuery
- ETL/ELT: Apache Spark, Airflow
- Systems Administration: Linux, Cloud Infrastructure

EDUCATION

Massachusetts Institute of Technology (MIT) | Master of Science in Information Systems | 2015

- Relevant Coursework: Distributed Systems, Cloud Computing, Big Data Analytics

Boston University | **Bachelor of Science in Computer Science** | 2013

- Relevant Coursework: Data Structures and Algorithms, Database Systems

PROJECTS

Kubernetes Operator for Data Services | Personal Project | 2018

- Developed a Kubernetes Operator to automate the provisioning and management of data services, enhancing operational efficiency.

CERTIFICATIONS

- AWS Certified DevOps Engineer - Professional
- Certified Kubernetes Administrator (CKA)
